

15 February 1962

From: Commanding Officer, National Naval Medical Center
To: Mr. John T. Stringer
Via: Commanding Officer, U. S. Naval Medical School

Subj: Commendation

1. The Commanding Officer presents this commendation with great pleasure.

COMMENDATION

For meritoriously outstanding performance of duty from 31 March 1960 to 16 February 1962.

In your capacity as Director of Medical Photography, U. S. Naval Medical School, you have consistently demonstrated an outstanding degree of professional knowledge and competence, reflecting great credit upon yourself and this command.

The initiative, technical skill and originality you have exercised in the performance of your duties have at all times been of the highest standard. The end products of your labors have received considerable favorable comment, and have been of immeasurable value to the mission of the National Naval Medical Center.

Your active participation and interest in developing and promoting good public relations between this command and the neighboring community in support of the policies of this command are particularly noteworthy and serve as a high example of loyalty, devotion to duty and support of the mission of the command, to be followed by other civil service employees.

2. A copy of this commendation will be placed in your official personnel folder.
