Dear Mr. Blunt,

This is in reply to your note recently sent to our staff referring to our March 3, 2005 letter to you regarding testimony from the records of the Church Committee.

James Mathis thoroughly investigated this issue when preparing to compose his March 3 letter. It is our understanding that the ARRB thoroughly investigated the whereabouts of Church Committee testimony. Mr. Mathis was able to shed further light on the subject, which he outlined in his letter. At the passing of the Act, the CIA understood that they needed to examine all of their files for records that could reasonably be considered assassination-related.

We do not believe that there is anything further that NARA can do to locate these 33 citations.

Sincerely,

MARTHA WAGNER MURPHY  
Acting Chief  
Special Access and FOIA Staff
