Dear Mr. Blunt:

This is in response to your letter of December 13, 2005, requesting that an additional search of the Kennedy Assassination Records Collection and the JFK database be made for HSCA Numbered File 002101, purported to be an August 28, 1978, staff interview of Douglas Gupton.

We have been unable to locate this document. There is no entry for a Douglas Gupton in the database. File number 002101 contains documents on a completely unrelated individual.

This marks the second time we have answered this request. As we have told you in the past, our experience shows us that citations in HSCA reports are very inaccurate. It is possible that the document in question is in the collection, but without additional information upon which to base our search, there is very little we can do.

Sincerely,

JAMES R. MATHIS
